As Australia's largest privately owned refiner of premium oils and fats, and trusted leader in food and ingredient manufacturing, we help create the foods people love.

Although they may not know it, most people in Australia have tasted our products in the foods and ingredients they eat. You could say we're the secret ingredient bringing it all together.

With products established in the 1930's, we continue to build upon our legacy - because we care. We care about quality, about people, and about the planet.

Peerless isn't just a name—it's a promise of excellence built over generations. We create meaningful partnerships through consistent quality, expert advice, and solution-focused service, enabling businesses of all sizes to give their best.

Retail

At Peerless, we make great tasting spreads and cooking margarines that are designed to suit your every need.

You can find our spread brands – Tablelands and Miracle together with our cooking margarine brands – Copha, Fairy and Wik In selected Woolworths, Coles and independent supermarkets.
